This hugely successful design collaboration between Dixon Yacht Design and Kelly Hoppen MBE, is as innovative and groundbreaking as its smaller predecessors. Do not miss the opportunity for the last chance to join the growing Pearl family at its highest echelon to date. You will enjoy it's legendary sea keeping, style and performance on a whole different scale only a few months from now! The Pearl 95 is an enormously unique and super luxurious superyacht. The LED televisions and music throughout the yacht is all controlled by the control 4 home entertainment system.

The Pearl 95 has a large flybridge with dining table, lounge area, bar and jacuzzi and sun lounge beds. An electrically controlled sunroof gives the option of shade and sun as required. Two further dining tables can be found on the aft deck as well as in the saloon, complemented by a huge bathing platform featuring extendable side decks with a Beach Club.
